

MODELSCART

Life-Size Dental Care Model (28 teeth)

RX-403M

Description

- Life-size. Made of PVC Plastic.
- Moveable jaw: The upper and lower jaws can be easily opened to 180 degrees, which is convenient for observing the structure and demonstrating the jaw movement.
- 28 non-removable teeth are fixed in the base. Teeth cannot be taken off.
- When cleaning is needed, only need to unscrew to split the upper and lower jaws, and can easily clean each part.
- Ideal teaching kids and patients about teeth care.
