

Suture Practice Kit

RX-702

Description

- The 3-layer structure simulates the real skin, adipose tissue, and muscle layer.
- 14 pre-cut wounds. Various depths and width for different types of practice.
- The complete suture practice kit includes all the essential suture tools in one package, such as a Hegar needle holder, Adson forceps, suture scissors, scalpel blades (3-pack), and suture thread (5 or more packs).
- Tools are conveniently organized and stored in a carry case.
- Ideal for medical students, schools, universities and nurse training.
