

MODELSCART

Ostomy Nursing Model

RX-H38

Description

- The model is designed to help introduce the essentials of ostomy care.
- The anatomy of latero-abdominal median incision, colostomy and ileostomy are carefully reproduced to provide lifelike functions and appearance. The model can be operated in erect position or side-lying position.
- Intubation feeding can be actually operated in the ileostomy.
- Ostomy care can be operated in the colostomy, including excretion of synthetic stool, irrigation and stool bag care.
